Discover the Value of a Single Source Solution

Are you looking for an easier way to manage your business? If so, we have the solution with ADP, Automatic Data Processing, Inc. They can help with everything from payroll and tax administration to human resources management. Outsourcing these services can help your business run more efficiently, saving you valuable time and reducing your costs.

ADP offers a broad spectrum of administrative services to streamline your business, allowing you to concentrate on growing your business.

Payroll and Tax Management

EasyPaySM – An economical payroll and tax management service created exclusively for small and emerging businesses. Choose to input your payroll via phone, fax, PC or the Internet.

TotalPaySM – Allows your employees to choose how they'd like to be paid, while reducing your administrative burden of check reconciliation and virtually eliminating the risk of check fraud.

eTimer[®] – An automated alternative to manual payroll preparation that seamlessly integrates with our payroll solutions.

Total Tax CompleteSM -- A tax management solution that calculates payroll taxes, simplifies quarterly and year-end filing and processes unemployment claims. Plus, you'll get 24/7 access to HR Help at no additional cost.

Human Resource Management

EasyHire[®] – Provides a comprehensive applicant screening and selection service, saving you significant time and resources.

Eliminate the extra headaches of managing payroll and other human resource functions. With service you can trust, expertise you can rely on and the value you demand, ADP can open the door to a more streamlined way of managing your business.
